Day Air Credit Union Now Offering Student Loans

Kettering, Ohio – Day Air Credit Union now offers private student loans to undergraduate students enrolling in most four-year public & private non-profit schools as well as Sinclair Community College. The student loans have no origination fees, an easy online application, low credit-based interest rates, and flexible repayment options.

“Obtaining funding for college can be difficult so we wanted a low cost product that would help fill the gap federal funding can leave behind” says Bill Burke, President of Day Air Credit Union. Burke says one of the best benefits of Day Air’s Student Loans is Graduated Repayment – allowing students to temporarily lower monthly payments by amortizing the first two repayment years over a 40 year period.

Students enrolled at least half-time in a four year degree-granting program at a public or private non-profit school could be eligible for Day Air’s student loan. Over 1,700 schools and campuses across the U.S. are eligible. For a complete list and for more information on our student loans, please visit us at dayair.org.

*Day Air Credit Union is a not-for-profit, full-service financial institution with nearly \$180 million in assets and over 24,000 members, serving the Miami Valley.
